EP'M. At the Findlay Mass Meeting, Mr. Seward, of the "Companion," and his estimable and accomplished lady, had their latch string out, and welcomed a number of visitors with profuse hospitality. They are the right kind of Republicans.

EP'M. The boys and girls took a "hop" up at Loesser's hall Thursday evening. People about here would dance if they knew it would cost them.

EP'M. Mr. Russel, of the Sandusky Intelligencer, and Lewis B. Price, of this city, are to hold a "high debate" in this place on the 23rd of August. The discussion will be conducted in German, on the political questions of the day.

Scrooge "Up and Come."—The Free Kansas men of Selby met on Tuesday evening last, and organized a Republican Club. Scrooge promises a larger majority than it had last fall.

FORTY CENTS.

For the small sum of four times we will forward this paper to subscribers from this time until the close of the campaign. Come, friends, we want some lame lites. Exert yourselves a little for your home paper.

LARGE LUMP OF GOLD.

The Sagamore Daily Union says: Mr. Frank Barnes took out of a claim just opened at Buckeye, a lump of gold weighing seven pounds and three-fourths, valued at \$1,640. At \$4 each such a lump weighing eight pounds and four ounces, worth \$1,010 dollars, was also taken out.

EP'M. Hon. Henry W. Ellsworth, of Indianapolis, Minister to Sweden, during Mr. Folger's Administration, has taken the stump for Fremont and Dayton.

EP'M. The Albany Times states that a pistol has been invented in that city which will fire fifty times per minute, carry a ball forty rods farther than any pistol now in use, and that it is also much lighter, and in every respect superior to Colt's celebrated pistol.

EP'M. Brown, McKee, Blackford, and a few others we might name of Findley ought to be captured, property secured, and taken to the nearest Theological Seminary, as ocular demonstrations of stolidness and hardness of heart. If you doubt it, just call and see the heresy of chirling girls, in the midst of which they live, as miserable forlorn bachelors.

MORMON HUMANS.—One of the Mormon women who was in the company of the late crowd who passed through our town for Salt Lake, we learn had no less than four husbands. She is said to have been an intelligent looking individual. She confided that woman has as good a right to have a number of husbands, as a man had to have as many wives as he wished, provided the men were all members of the Mormon church. There is nothing like making circumstances tell occasions, and these Mormons appear to have a peculiar faculty for such transactions.—Rock Island.

EP'M. The following pointed criticism from the pen of Sarah Jane Hale, is against a cruelty which has doubtless often offended the taste of many of our readers:—

STRAY COW.

ESCAPED from pasture on the 25th of July.

COW.—Paid over the head of the same marks that I recollect of: has one hip cap knocked off, very little under her belly, has a hole in the middle of her back, and a large swelling on the rump.
